BEDWORTH MINERS' WELFARE PARK
THURSDAY 26 – SATURDAY 28 SEPTEMBER 2024
12PM – 7PM

Babylon Gamelan is a joyous mechanical sculpture and interactive sound installation by artist collective **Rag & Bone** created by **Dave Young**.

Produced by Artichoke as part of the *Creative Explorers* programme, this exciting pilot project will explore the potential for a regular biennial arts festival to celebrate local industrial heritage and culture.

The 4-metre-tall sculpture will tower over three unique satellite installations – made by local community groups alongside Nuneaton artist **Spencer Jenkins**.

Follow the trail of community-made markers designed by local artist **Julia Snowdin** that will guide visitors to the ultimate sonic sculpture.
